

## **WRIGHT STATE UNIVERSITY CONDUCTING CITIZEN SURVEYS FOR THE CITY OF TROTWOOD'S CITY SERVICES**

In an effort to better serve the citizens of the City of Trotwood, Wright State University has been retained to conduct citizen surveys to gain input from citizens during the next few weeks. These citizen surveys are being facilitated by way of Wright State University's representatives making telephone contact with citizens and having them answer pertinent questions about the current city services being offered, as well as gathering information on improvements that can be made.

The City of Trotwood's administration asks for the cooperation of all citizens contacted by Wright State University, and requests citizens to assist the surveyors in responding to the questions they are asking.

For more information, contact (937) 854-7270.
