Dear Fair Board Members:

I want the Montgomery County Fairgrounds relocated to the City of Trotwood, and support the Fair Board in any decision to move this venue to Trotwood.

Locating this organization to the City of Trotwood is the most logical choice for the Montgomery County Fairgrounds, due to it's easy access for transportation for the events held at the fairgrounds, as well as the large representation of agriculture in the Trotwood and surrounding areas. There is also ample land for locating this venue to Trotwood, which would serve existing and future expansion needs.

I am asking all Fair Board Members to give this request for relocating the Montgomery County Fairgrounds to Trotwood serious consideration.

Thank you!
